

An extensive range of high-quality compression fittings used together with PE pipe for ground source heat pipe systems.

### Applications

- Ground source heat extraction pipe systems

### Features

- Made from polypropylene
- No welding equipment required
- No inserts required
- Simple to use
- Fully pressure rated to 16 bar

Description		Range
Straight coupling		16 mm – 160 mm
Reduced coupling		20 to 110mm
Tee 90 degree		16 to 110mm
Reducing Tee 90 degree		20 mm – 110 mm

Contd...

Description		Range
Tee 90 degree with BSPF thread		16 to 110mm
Tee 90 degree with BSPM thread		16 to 110mm
End Cap		16 to 110mm
Female Adaptor		16 mm – 110 mm
Male Adaptor		16 to 110mm
Elbows 90 degree		16 to 110mm
Elbow 90 degree with BSPM thread		16 to 110mm
Elbow 90 degree with BSPF thread		20 to 110mm
